

INSTALLER INFORMATION

A GROWING OPPORTUNITY

Our exclusive Certified Installer Program is available to installers of security, home automation, electrical, landscaping, dog fence, and/or automatic gate systems.

Knowledge of electrical codes, electrical wiring, CAT-5 wiring and trenching are essential for our wired driveway systems; and knowledge of gate operator installation and trenching is essential for our wired free exit products.

With our wireless systems, installation is easier, requiring minimal digging (if installed beside driveway) and boring a 4.5" hole into concrete or asphalt (if installing sensor in driveway).

We pledge to give you whatever is needed to grow your business and provide Cartell to your customers.

ADVANTAGES

- Hundreds of distribution channels
- Expert, free technical support
- Free demo products
- Distributor drop-shipping available
- Direct-to-you warranty service
- Free marketing literature
- Exclusive listing on our website
- Fast RMA turn around
- National advertising
- Direct leads to you
- Free return shipping for RMAs
- Periodic updates

SIMPLE REQUESTS

- Give timely and honest estimates
- Service what you sell
- Install only Cartell when you receive leads from us

DEFINITIONS AND QUALIFICATIONS

We define an installing company as a legitimate organization with one or more employees, working out of a central location. Installers must have knowledge in their field of expertise and be willing to service what they sell.
